**Your
Students'
Council is
here for
YOU!**

The Students' Association is a student-led organization that provides you with meaningful ways to get involved and exceptional services so you can get the most out of your student experience. We are proud to celebrate and promote the unique diversity that exists at NorQuest and are committed to building a strong, vibrant and respectful community of learners on campus.

The Students' Association is the official voice of students at NorQuest. We focus on student advocacy and representation by protecting your rights and interests by providing a student perspective and speaking up on your behalf on matters that affect you.

New Students' Council Members

Leanne Wightman

Practical Nurse Program

I am currently a full time PN student here at NorQuest. I wanted to be on Students' Council because I believe it is important to be involved in what's going on in and around the College. I am very responsible, reliable, and dependable, as well I have a positive attitude and a hard work ethic. I am very approachable and open minded. I am looking forward to representing you and being a part of Students' Council.

Krystal McCann
Academic Upgrading

Have you ever felt like you are missing out on all the fun? My name is Krystal McCann, and this is my third semester of the Academic Upgrading Program here at NorQuest College. I have met many students and instructors that have impacted my educational experience. This being one of my last semesters, I wanted to jump on the opportunity to join Student Council and bring a strong student voice from the ACE program. My hope for gaining a position with the council is to enhance the school experience of others by giving everyone a reason to participate, and another person approach with your ideas and inquiries!

D'Arcy Pambrun

Academic Upgrading

I wanted to join Students' Council to gain new experiences and to be able to contribute and assist students at NorQuest. I am a mature student with insight and experience regarding interaction with many different types of people. I have strong leadership skills and can think outside the box. I am a very understanding and empathetic person and I believe that these skills will help me as a member of Students' Council to support students.

REWIND

What happened in January...

Week of Welcome - The Students' Association welcomed new students with a week of welcome events in January. It included random acts of welcome which included freebies and welcome messages. We also hosted a free souper lunch, a student services fair and a fun snack attack event.

Changing for the future

You may have heard by now that NorQuest is changing its internal structure to improve how the College operates. One of the goals of this new structure is to help NorQuest better meet the needs of the learners and communities we serve.

What this means to students

Although you might not notice much change in the

day-to-day functioning of the College, an important part of restructuring is improving student life. We need to better support you from the time you first walk through our doors to when you join our alumni. At the same time, we need to improve how we help you develop the life skills, leadership and career development opportunities that will lead to your future success.

If you are interested in learning more about the restructuring, I encourage you to visit Campus Life or check your MyMail account for an email from the Students' Association.

Your questions answered

As I mentioned in my last column, your opinions matter. Please talk to the Students' Association about any ideas or opinions you have about NorQuest. I will respond to your questions through my regular column in The Quest.

I hope your studies are going well and that you are as excited about the future as I am.

Time to get moving...
